MEMRISE

memrise.com

Uvod

Memrise je igrificirana platforma za učenje jezikov, ki podpira učenje angleščine kot tujega jezika z vadbo besedišča in fraz ter uporabo razmaknjenega ponavljanja (spaced repetition).

Speak a new language with real-world confidence.

Order that coffee, laugh at the joke, and feel at home from your very first session.

Memrise teaches you the language people *actually* use. Don't just say the words – sound like you belong.

[Get Started](#)

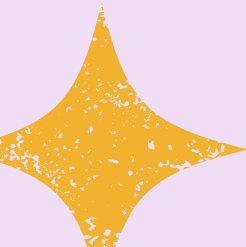

NEW! If your course doesn't have the vocab you need, someone else already made it.

Učno okolje

Memrise je na voljo v spletu in na mobilnih napravah.

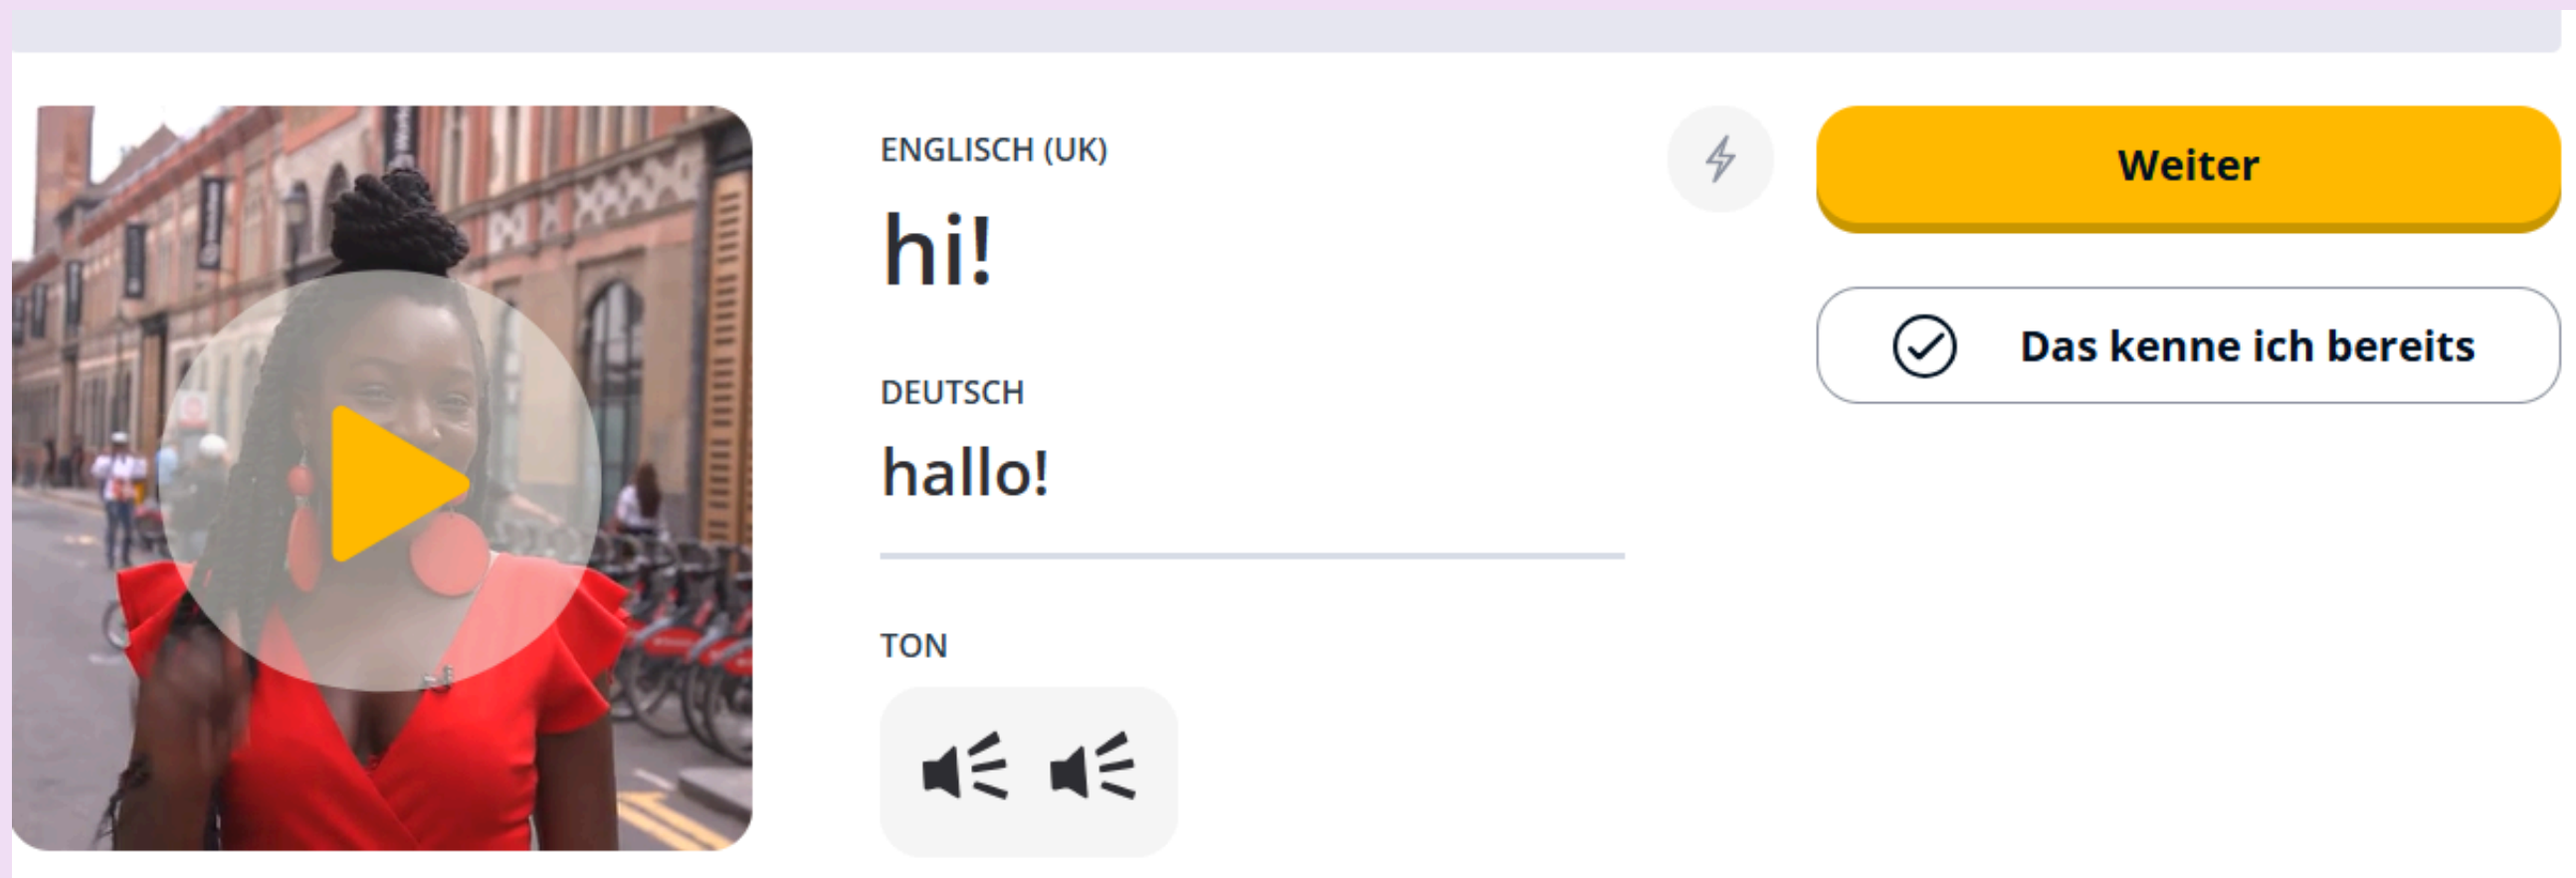

Učenci se učijo samostojno skozi kratke, vodene aktivnosti, ki so enostavne za razumevanje in uporabo.

Začetek uporabe Memrise

Učenci v Memrise izberejo tečaj angleščine glede na raven ali temo in nastavijo svoj tempo učenja.

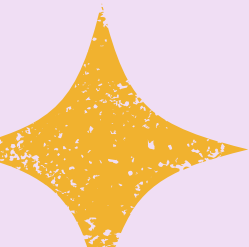

Lekcije so zasnovane za kratke in redne učne seje.

The screenshot displays the Memrise app interface for a lesson. On the left, there is a video player showing a woman in a red top with a yellow play button overlay. To the right of the video, the text 'ENGLISCH (UK)' is followed by 'hi!'. Below this, 'DEUTSCH' is followed by 'hallo!'. At the bottom left, there are two speaker icons labeled 'TON'. On the right side, there are two buttons: a yellow button labeled 'Weiter' and a white button with a checkmark icon labeled 'Das kenne ich bereits'.

Igrificirano mikro-učenje

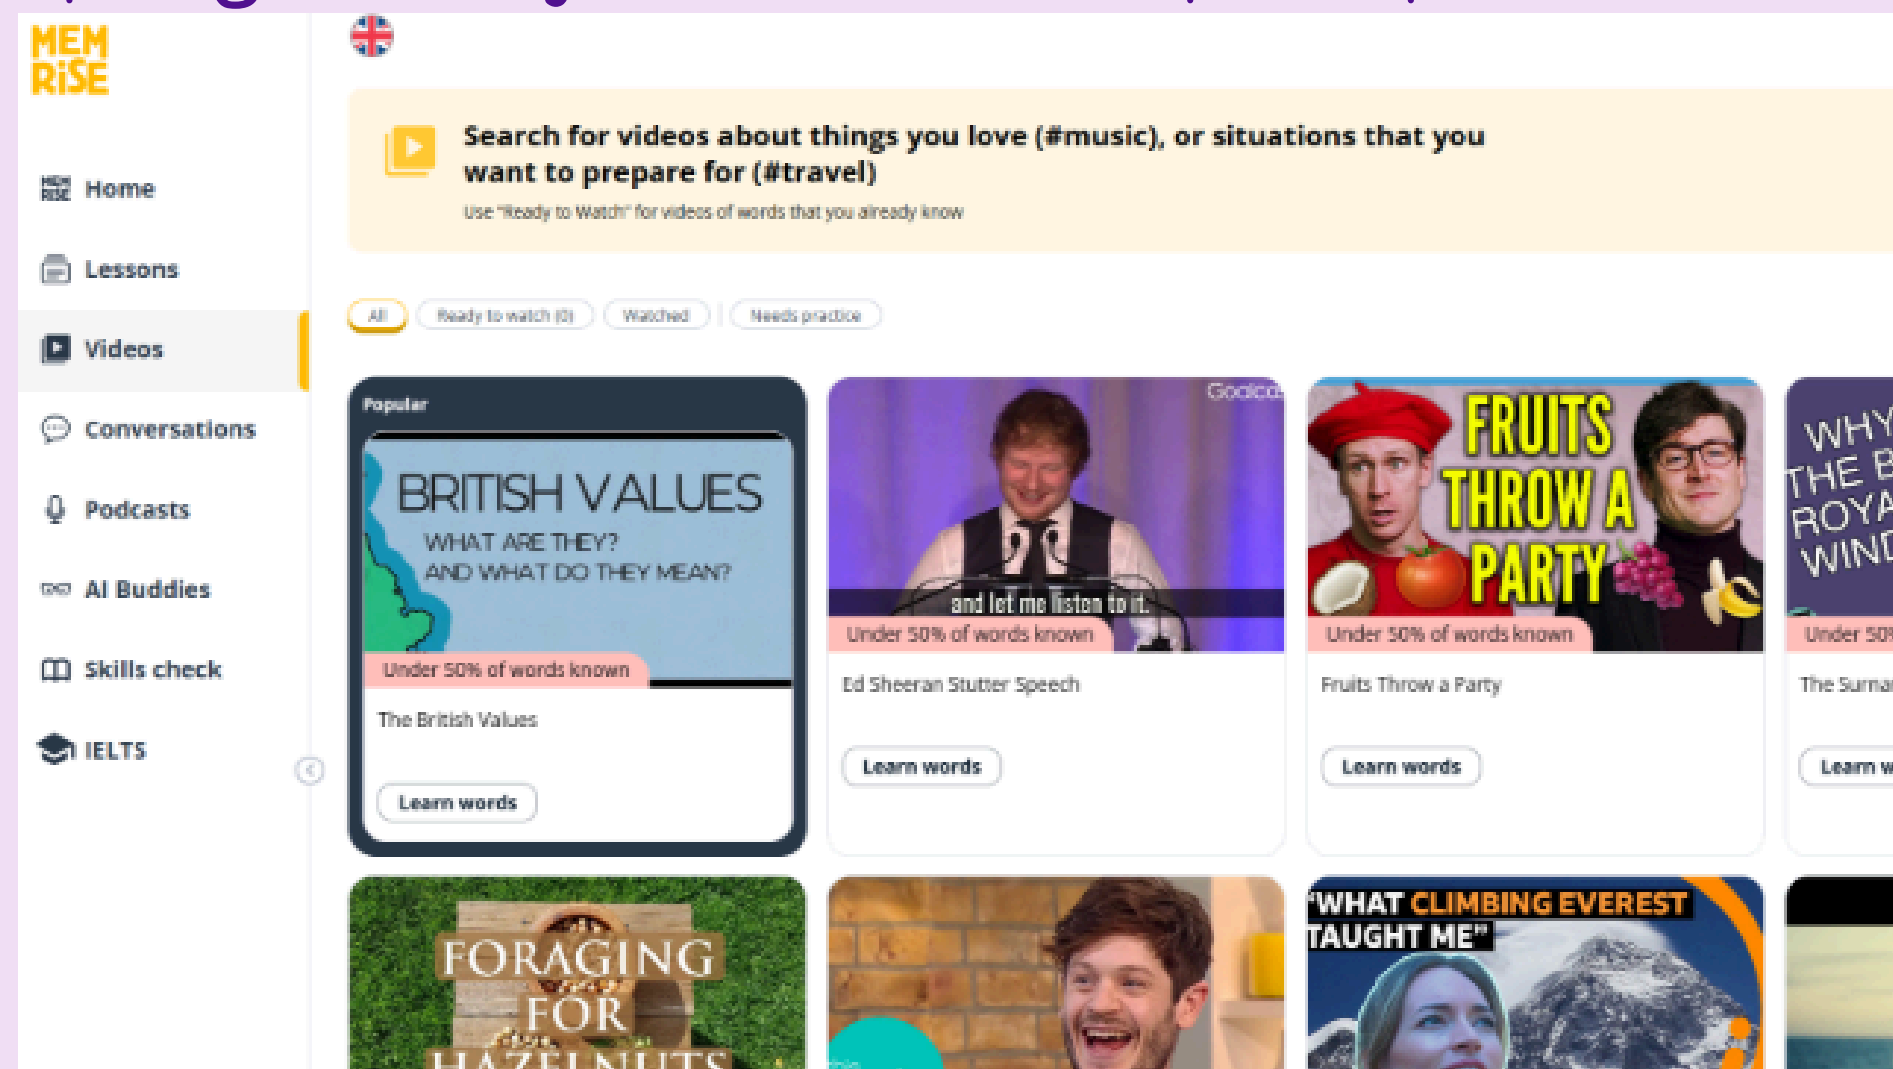

Memrise uporablja ravni, točke, serije (streaks) in spremljanje napredka za motivacijo učencev. Kratke naloge spodbujajo pogosto vadbo in oblikovanje učnih navad.

Prilagodljivo ponavljanje

Memrise prilagaja vsebino glede na uspešnost učenca.

Besede in fraze, ki povzročajo težave, se pojavljajo pogosteje, kar podpira dolgoročno pomnjenje.

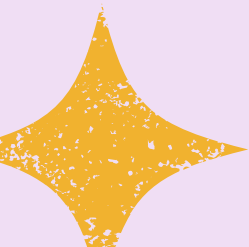

The screenshot displays the Memrise website interface. On the left is a navigation menu with options: Home, Lessons, Videos (highlighted), Conversations, Podcasts, AI Buddies, Skills check, and IELTS. The main content area features a search bar with the prompt "Search for videos about things you love (#music), or situations that you want to prepare for (#travel)" and a sub-prompt "Use 'Ready to Watch' for videos of words that you already know". Below the search bar are filter tabs: All, Ready to watch (2), Watched, and Needs practice. A "Popular" section shows a grid of video lessons. Each lesson card includes a title, a subtitle, a progress indicator (e.g., "Under 50% of words known"), and a "Learn words" button. Visible lesson titles include "BRITISH VALUES WHAT ARE THEY? AND WHAT DO THEY MEAN?", "Ed Sheeran Stutter Speech", "FRUITS THROW A PARTY", "WHY THE BR ROYAL WIND", "FORAGING FOR HAZELNUTS", and "WHAT CLIMBING EVEREST TAUGHT ME".

Interakcija učencev

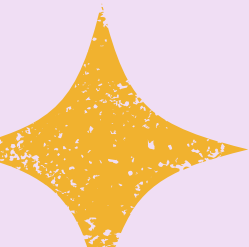

Učenci v Memrise vadijo besedišče, poslušanje in izgovorjavo s takojšnjimi povratnimi informacijami.

Nizkostresen, igrificiran format zmanjšuje tesnobo pri učenju

Uporaba pri poučevanju angleščine kot tujega jezika

V poučevanju angleščine kot tujega jezika se Memrise uporablja kot dopolnilno orodje za samostojno učenje, zlasti za gradnjo besedišča, vadbo izgovorjave in ponavljanje z razmakom med urami v izobraževanju odraslih.
