Forest: Stay Focused

Kako aplikacija deluje

Uporabniki v Forest začnejo sejo tako, da posadijo virtualno drevo, ki raste, dokler ostanejo osredotočeni na svoje naloge.

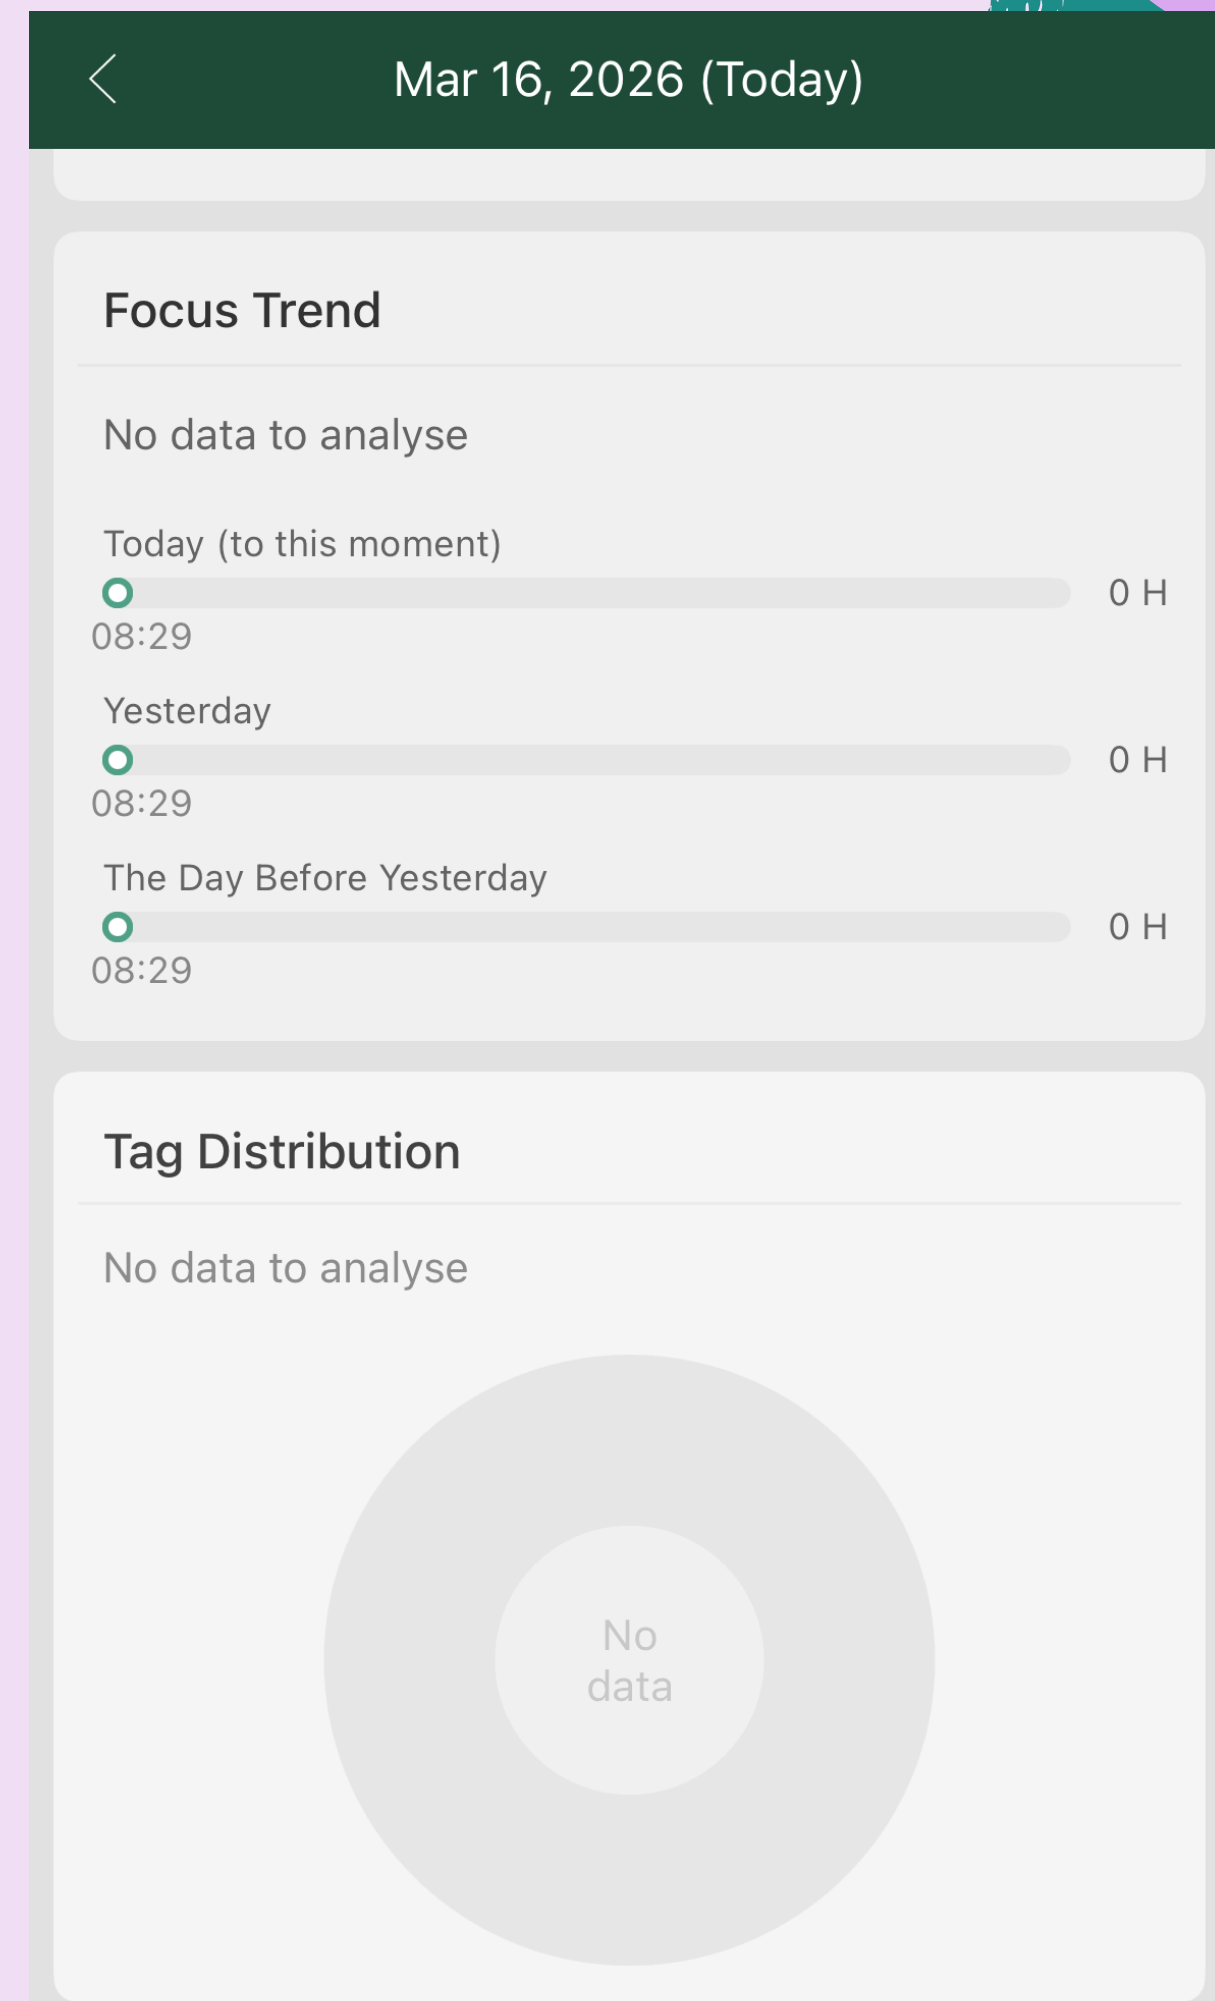

Če uporabnik zapusti aplikacijo, drevo preneha rasti, kar spodbuja disciplino in koncentracijo.

Spremljanje napredka

Vsaka zaključena seja v Forest doda drevo v virtualni gozd, ki prikazuje napredek uporabnika skozi čas.

Aplikacija beleži čas osredotočenosti in ponuja statistiko o produktivnosti.

Prednosti za produktivnost

Z nagrajevanjem osredotočenosti in doslednosti Forest pomaga uporabnikom razvijati disciplino in samomotivacijo.

Aplikacija spodbuja redno ohranjanje zbranosti ter razvoj dolgoročnih produktivnih navad.

Real Forest

Stay focused and plant real trees on the earth

Current Tree Planting Partner

Trees for the Future >

Trees for the Future is improving the livelihoods of impoverished farmers by revitalizing degraded lands. Since 1989, with our experience in planting over 200 million trees all over the world, we have demonstrated the transformative power of trees in helping people break out of the poverty trap while also addressing the global environment. Today, our work in East and West Africa is helping to build a world where people can leave a legacy of opportunity through sustainable practices and productive lands for future generations.
